

## AAPSM Fellowships Available

The AAPSM currently has the following fellowships available:

### Fellowship in Podiatric Sports Medicine-Barry University

#### An Overview

The Fellowship Program in Podiatric Sports Medicine sponsored by Barry University offers the fellow in-depth training in the diagnosis and management of lower extremity sports related injuries. The program is under the direction of James M. Losito, DPM in Miami and is approved by the CPME and AAPSM. The fellow participates in clinical, surgical and on the field care of recreational, high school, division I and II collegiate and professional athletes. The program is designed to prepare the fellow for office – based Podiatric sports medicine and as a Podiatric team physician, capable of managing any lower extremity traumatic or overuse injury. The Fellowship has a strong academic and research component and the fellow is required to complete a manuscript suitable for publication.

The program has a secondary emphasis on reconstructive foot and ankle surgery. The Fellow receives advanced training in reconstructive foot and ankle surgical techniques including the use of external fixation. The Fellow participates in over one hundred forefoot reconstructive surgical cases and serves as attending to the three-year podiatric surgical residency program at Mercy Hospital.

#### Sports Medicine

The fellow attends to athletes from Barry University, the University of Miami, the Miami Heat of the National Basketball Association and a wide variety of international, amateur and recreational athletes. The fellow works extensively with the Athletic Trainers at the Barry University facility. The fellow receives extensive exposure to physical therapy modalities and rehabilitation techniques from staff certified athletic trainers. Staff podiatric and orthopedic physicians provide the fellow with hands-on training, including both conservative and surgical management of athletic injuries. Advanced reconstructive surgical procedures are performed at Mercy Hospital under the direction of our faculty.

#### Application Requirements

Applicants must have completed a two or three-year COTH-approved podiatric residency program, have passed parts I and II of the national board examinations and be eligible for the Florida state podiatry examination. Fellows must be licensed in the state of Florida. The application consists of a curriculum vitae and letter of intent, not to exceed two double-spaced typewritten pages. Applicants must submit three letters of recommendation and a \$35.00 non-refundable fee.

#### Benefits

The stipend is 40,000.00 / year. Uniforms and meals while at the Hospital are provided. Two weeks vacation and full medical benefits are also included. Admission to all Barry University CME programs, as well as a program of choice is provided. Send application to: James M. Losito, DPM  
Barry University School of Podiatric Medicine, 11300 NE Second Avenue, Miami Shores, FL  
[33161Jlosito@mail.barry.edu](mailto:33161Jlosito@mail.barry.edu). **NOTE:** Candidates will be asked to visit the program and will receive an interview.

## Irvine Multi-Specialty Surgical Care (IMSC)

### CANDIDATES MAY APPLY FOR SPORTS MED FELLOWSHIP, 2013

Irvine Multi-Specialty Surgical Care (IMSC) will be sponsoring a Sports Medicine Fellowship Program for the year 2013-14. The program is certified by the American Academy of Podiatric Sports Medicine (AAPSM). This will mark the 12<sup>th</sup> year of the program's existence.

The program provides the Fellow a healthy mix of forefoot, rearfoot, and ankle surgery in an out-patient setting by the multiple attending staff. The rest of the time is spent in a strong clinical and sports medicine practice environment. The Fellow will receive excellent surgical exposure and a solid foundation in Sports Medicine/Biomechanics.

Candidates must have a minimum of a 2-year residency (PM&S 24-36 or PMSR/RRA preferred). Send CV to Michael W. Heaslet, DPM, Program Director. Fax (949) 552-9493.
